

BOND MILLEN GALLERY

BOND MILLEN GALLERY is a dynamic art gallery and advisory studio dedicated to contemporary art with heart and vision. Located on Cary Street Road, we are dedicated to championing artists through our rotating exhibitions, pop ups, digital collections and partnerships.

Curated for the 2026 Symphony League Designer House, *Of This Place* brings together artworks that offer a reflection on the property's setting along the James River and the enduring significance of the place. Featuring a mix of beloved Virginia artists and artists working on the international stage, we explore the importance of landscape, memory and perception.

As always, we hope that the artworks spark wonder, foster discovery, and invite lasting connection.
